

BRACKET MOUNTED TERMINAL (BMT™) SERIES

For buried, underground, marina and aerial applications.

SPECIFICATIONS

BMT 609

Dimensions: 6" (152.4mm) diameter
 9" (228.6mm) length of straight wall
 Shipping: 1 per carton, 30 per pallet
 Weight: 12 lbs (5.5 kg) carton

BMT 612

Dimensions: 6" (152.4mm) diameter
 12" (304.8mm) length of straight wall
 Shipping: 1 per carton, 30 per pallet
 Weight: 14 lbs (6.4 kg) carton

BMT 620

Dimensions: 6" (152.4mm) diameter
 20" (508mm) length of straight wall
 Shipping: 1 per carton, 30 per pallet
 Weight: 17 lbs (7.7 kg) carton

BMT 624

Dimensions: 6" (152.4mm) diameter
 24" (609.6mm) length of straight wall
 Shipping: 1 per carton, 30 per pallet
 Weight: 32 lbs (14.6 kg) carton

NON-PROTECTED TERMINALS

BMT 609 25-Pair
25-Pair Mini-Rocker IDC Terminal

IDC TERMINAL

BMT 612 25-Pair
Raychem IDC Terminal Block

PROTECTED TERMINALS

BMT 612 10-Pair
Protected 10-Pair Marconi Terminal

FEATURES

- Airtight and watertight.
- Re-enterable enclosure.
- Neoprene sealing grommets and O-rings effectively seal housing and cables.
- High impact, UV resistant thermoplastic material is resistant to corrosive environments.
- Lockable sealing clamp.
- Non-conductive wire runs in block for good housekeeping.
- Available with filled cable for buried applications, or aircore cable for underground applications.
- Available with pre-installed service wires in 3-pair, 5-pair, or 6-pair configurations.
- Removable service wire plugs facilitate up to 16 service wires.
- Wire gauge provided to determine O.D. of service wire. Grommet cards ordered separately for applicable service wire diameters (refer to page ??).
